

Hello William Wood Missions to Russia supporters:

Andre passed along ministry updates to me May 26th via WhatsApp. While Facebook and Facebook Messenger have been shut down, email, WhatsApp, and Zoom video calls are still open lines of communication. Here is Andre's email and WhatsApp information if you'd like to reach out to him:

Email: [andrey12nn@mail.ru](mailto:andrey12nn@mail.ru)

WhatsApp: +7 912 961-50-97

Using WhatsApp and Google Translate together, I have also been able to communicate with Simeon Guytar (who lives in the Don church) for the first time. He can only speak and type in Russian so our conversations look like the following:

If you have the ability to translate Russian and would like to communicate with Simeon via WhatsApp, his number is: **+7 922 271-35-36**. Pictures and messages from Simeon follow the update from Andre.

Thank you for your continued prayer and financial support of this ministry. If you or your church family would like to be involved financially with the mission in the village of Don and the surrounding area, your donations can be mailed to: William Wood Missions to Russia, C/O Steve and Dianna Law, 1693 Township Road 1400 E, Gladstone, IL 61437.

In Christ,  
Justin Allaman

## A Letter from Andre Kudinov in Ust-Kulom, Komi Republic, Russia:

Hello friends! Still doing His work in our district in Komi Republic, Northern Russia. It's been raining a lot recently. Soon the people here will be planting their potatoes.

I was asked to take part in a Christian conference at the Source of Life church in Syktyvkar. Many speakers from different parts of the country shared their messages there. It was a great time of fellowship and worship! I shared about the need for God to open our spiritual eyes so that we can clearly see the importance of the time we are living in. *(Pictured left)*

The Don church is also doing good. Praise God! We have been doing a study of Psalm 119 on the different facets of God's Word.

Antonena recently visited a lady at the local hospital who is still recovering from the consequences of Covid 19. She still can't eat certain types of food like meat. But she can

eat fish. Simeon got her some fried fish from the local lake. She was so happy to eat that fish. Also the Don church gathered \$100 worth of medicine for her. We praise God for the generosity of people here and across the ocean.

William is in pretty much the same condition. Maria continues taking care of him.

God Bless,  
Pastor Andre Kudinov
